

Medpulse-SHR

Medpulse-SHR

HAIR REMOVAL SKIN REJUVENATION. PIGMENTATION. VASCULAR TREATMENT

SHR, or Super Hair Removal is the latest in permanent hair reduction technologies which utilizes “in motion” concept to carry out a gentler approach for hair removal treatment. Medpulse-SHR is the third generation of fully intelligent intense pulsed light therapy system which using OPT technology to produce precise energy much quicker than before. The permanent hair removal treatments can be done in three modes: IPL, SHR and FP-Fly Points..

OVERVIEW

Research has shown that a slower but longer heating process is considerably more effective for permanent hair removal than high and short levels of energy. Combining with perfect semi-conductor cooling system, Medpulse-SHR enable treatments to be totally painless and comfortable.

Why Medpulse-SHR
